Our Beginnings

We just completed a multitude of celebrations, from Thanksgiving to Hanukkah to New Year. And now, as we settle into a somewhat normal routine, we enter the month of February.

As an aside, how many know how the names of

the months originated? Well, here goes:

- **January** – named after the Roman god of beginnings and endings, Janus.
- **February** – named after the old Italian god Februs symbolizing purification.
- **March** – first month of the Roman year and named after the Roman god of war Mars.
- **April** – originally called Aperire, to open, because of the time of the year when buds begin to open.
- **May** – the third month of the Roman calendar and derives from the word Maiesta, the Roman goddess of honor and reverence.

I think you get the idea. Many of the traditions and customs we enjoy today had their origin in ancient festivals and observances. Time has made changes during which we have new understandings of life and all that is involved in the journey.

Which leads me back into the month of February. The only holiday listed on our calendar is Presidents' Day. Traditionally there were two holidays – sequentially they commemorate the birthdays of Abraham Lincoln, the great emancipator, and the other, George Washington, the father of our nation.

Somewhere in time great minds got together and decided to combine the two holidays and save us the ordeal of two retail sale days. The true meaning of the

celebrations is lost in the notion that shopping was the proper way to acknowledge these two icons of American history.

These two giants contributed to our development as a nation:

Abraham Lincoln kept us together as a nation by ultimately abolishing the stain of slavery from the fabric of our soul and reminded us that this nation was founded with the understanding that all men were created equal.

George Washington ensured our survival as a nation by determination to help break the shackles of ingratitude and arrogance as displayed by King George of England.

America is still the hope of the world as it was then. The message that was transmitted by a few courageous people reverberated around the world and is responsible, to this day, for millions of people being free. And we are a beacon to those yet wishing to taste liberty and independence. The lamp at the doorway to America is lit for all to see, for all to enjoy, for all to steer a path to its glow.

So, as we visit the malls and rummage through the newspapers looking for the coupons of the day, or even think about the origins of the names of the month, remember that it is possible because of these two men: their dreams and their courage and their ability to motivate and encourage others to rally to their banner of hope.

God bless America. God bless the memory of Abraham Lincoln, George Washington, Thomas Jefferson and _____! 🇺🇸

FRIENDS OF ISRAEL

BE AWARE OF MEDIA BIAS WHEN YOU READ OR HEAR ABOUT ISRAEL

As you can see from the headlines at left, messages can be very misleading by the choice of words. These misrepresentations occur often in the US and international media. If you read a suspicious headline or article, you can clarify the truth on these websites: Honest Reporting or CAMERA (Committee For Accuracy in Middle East Reporting).

For a list of reliable resources to read about Israel, prepared by our last speaker, Ginette Weiner, call me at (480) 895-4660 or mwcohen000@gmail.com.

SOMETHING YOU MIGHT NOT KNOW

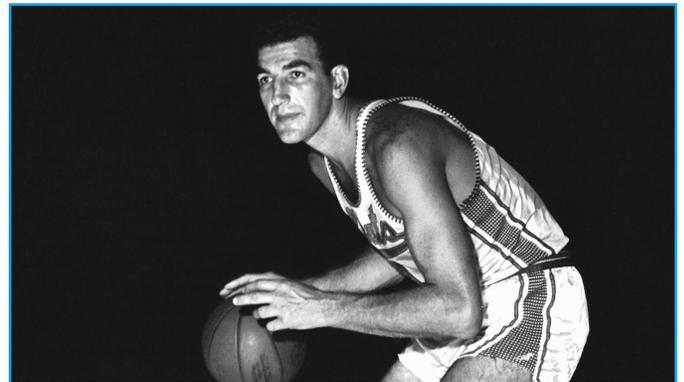

DOLPH SCHAYES

By Murray Siegel

When the National Basketball Association (NBA) announced the list of the top 50 NBA players of all time, even the most casual fans recognized the names of Michael Jordan, Magic Johnson and Larry Bird. Many had two questions about one name on that list: “Why was Dolph Schayes included?” and “What kind of name is Dolph?”

At birth, in 1928, Dolph’s name was Adolph, but in the 1930s Adolph was not a proper name for a Jewish boy. Dolph was born in The Bronx to parents who were Romanian- Jewish immigrants, and he grew up tall, athletic and smart. He led his high school team to a championship and went on the play at New York University. He entered NYU at age 16 in their aeronautical engineering program. He helped the Violets to the championship game of the 1945 NCAA Tournament, was voted an All American and received his engineering degree.

He joined the Syracuse Nationals of the NBA (now the Philadelphia 76ers) and played in a record 706

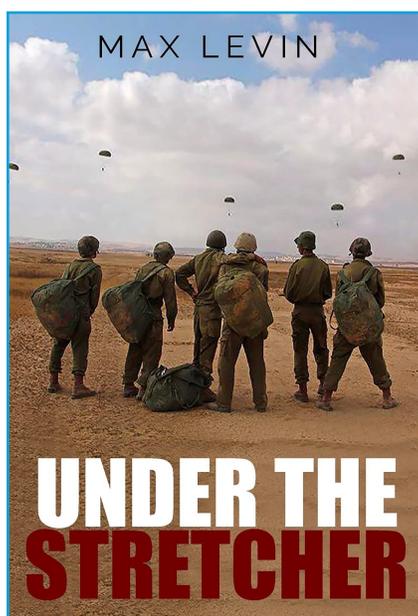

consecutive games. He was the first player to score a total of 15,000 points and led Syracuse to the NBA championship in 1954-55. After retiring, he coached in the Maccabiah Games, leading the U.S. to a gold medal in an upset in 1977.

Dolph passed his athletic talent on to following generations. His son, Danny, played 18 seasons in the NBA, his three granddaughters were outstanding volleyball players, and his grandson was a top sprinter. Dolph died in December 2015, at the age of 87. 🕯️

LONE SOLDIER PROJECT

UNDER THE STRETCHER BY MAX LEVIN

When Los Angeles native Max Levin, in an elite Paratrooper Unit, was severely wounded during Operation Protective Edge in the 2014 conflict between Israel and Gaza, he began keeping a journal on his phone while in the hospital. His note became a book published in March 2021 by Red Penguin Books, a vivid and accessible memoir about a young Jewish- American’s experience as a Lone Soldier — one of the “determined young men and women from all over the world who choose to leave the comfort of their homes and families to become proud IDF soldiers.”

In an excerpt from his book, he wrote, “The shots kept coming and we couldn’t pin down the source. We had our weapons drawn, but we could not shoot blindly into the area we just came from; other Israeli soldiers were still in the area, and God forbid we hit them. Then the tanks rolled in and let out a smokescreen. As I crawled behind the tank, I could hear “pop-pop” as the sniper’s bullets bounced off it.”

JEWISH WAR VETERANS COPPER STATE POST 619

JWV WELCOMES CHANDLER JUNIOR ROTC MASTER SARGENT FRED DRIVER

Sunday, February 20, 10 am, Zoom

Jewish War Veterans (JWV) Copper State Post 619 welcomes Master Sergeant Fred Driver of the Junior ROTC program at Hamilton High School in Chandler. Since 2003, Driver has been teaching the Aerospace Science and leading the Junior ROTC program there, including honor guards, honorary graduates, and until recently, the “Adopt a Highway” program, when a lack of funding caused issues.

Post 619 has in turn come to the aid of the ROTC program in years past. When the program lacked funds to procure drill rifles, the Post purchased several to ensure our drill team could compete in an upcoming event. When the Air Force authorized battle uniforms for cadets, they didn’t authorize additional funding resulting in a need for boots. Post 619 then purchased 15 pairs of boots for the unit.

MSgt. Driver will discuss what the Junior ROTC program is and isn’t, including their mission statement, and National and Community responsibility. He will also discuss the Jewish War Veterans tie in and JROTC support for funerals, graduation escorts, honor guards, speaking engagements and the former “Adopt A Highway” program.

The February meeting will be held virtually. Everyone is welcome to attend by signing into Zoom on Sunday, February 20 at 10 am using the link: <https://bit.ly/jwv-feb>

For additional information about JWV activities or membership, please contact Jr. Vice Commander, Elliott Reiss, (480) 802-3281, ElliottBarb@q.com.

GRIEF SUPPORT GROUP

Next Meeting: Wednesday, February 16, 1 p.m.
Chapel Center (masks required)

SLJC has started a support group for anyone wanting emotional support dealing with grief. If you have lost someone beloved in your life (i.e. spouse, partner, parent, sibling, child, grandchild, friend), you may be interested in hearing the stories, thoughts, feelings experienced by others and sharing your own feelings. This group might also be useful for those who are in a state of limbo: with a partner who is not living at home and for whom there is little hope that they will return home.

The next meeting of the group will be held Wednesday, February 16 at 1 p.m. at the Chapel Center. Masks are required. During this meeting, the group will decide on a convenient regular meeting time and place for future gatherings.

Top Tips for Better WiFi

Number **5:** ***Router placement matters.***

Walls and other barriers can impede your WiFi signal. Place for your router is a central location with as few obstacles as possible between the modem and your connected devices. Locate it high off the floor, and away from metal objects and other electronic devices that can interfere with your WiFi signal.

Number **4:** ***Be aware of what devices are connected to your network and their internet speed capabilities.***

More devices connected at once means less bandwidth is available for each device. And some devices can't keep up with faster WiFi speeds, which slows down all the others.

Number **3:** ***Close WiFi hungry applications when you're not using them.***

Leaving some programs open, like those used for online streaming or video games, will use up bandwidth, even after you've finished using them.

Number **2:** ***Protect your network with a strong password.***

Choosing a secure WPA or WPA 2 password will protect your personal information, and keep other people from using your bandwidth, thus slowing your WiFi speeds.

Tip Number **1:** ***Upgrade your hardware.***

Today's all-in-one dual band routers deliver much faster WiFi speeds to more devices.

Call Today, learn more about how Orbitel's Fast Internet speeds, Smart WiFi and professional installation can deliver worry-free WiFi in every corner of your home.
